## HOW THE NEW YEAR 2020 WILL BE FOR ALL OF US—WHAT THE STARS TELL YOU

**Dr. PREM KUMAR SHARMA**, a renowned Astrologer addressing our Members on 2nd January 2020 said, I am thankful to you for inviting me to be with you all this evening. I wish you all A Very Happy New Year. Today is 2nd January and today is a very very auspicious day. Today is Sikh Guru Gobind Singhji's Jayanti. My coming to your Club was destined like this to wish you all A very happy and prosperous New Year with blessings of the Lord Almighty. JYOTISH is a combination of two words — Jyoti and Ish. Jyoti is Light and Ish is Ishwar or God Almighty. So Jyotish is the Light of God. Jyotish is a knowledge. Jyotish is a science. It protects you from the incidences in life.

I am an engineer by profession, but Jyotish is in my blood. Everybody doesn't get the reward one wishes to have. It is the destiny that gives you the reward. Destiny cannot be changed.

Awareness of happenings makes you happy. If there is a good occasion to celebrate it makes you happy, however if there is a tragedy in the family it makes you sad. You can share the grief to reduce the sadness of the person.

Astrology helps you in making things in life better. Don't be just afraid of bad times. Good times may follow if it is in your destiny.

This year 2020 started on 31st December at the strike 12 midnight hour when the Mercury Planet was under Virgo Zodiac Sign. Year 2020 will be better for Industrial and Agricultural growth. 20+20 becomes 4 and 4 is the number of Saraswati, a very good year for education, knowledge, learning and innovations.

Some Muslim Countries may face a few problems.

I was the one who started the Jyotish programme on TV channels and I was known as the Laptop Jyotish or Techno Pandit to tell what exactly is the position of Star Signs in Jyotish. After all an Astrologer is also a human being and people need blessings of Jyotishis or Astrologers. The year 2020 is very good for all people.
